Attention: Docketing Department

Dear Sir or Madam:

We are writing to express the bad timing of such an enormous pay increase that South Carolina Electric and Gas proposes. This is a hard time for everyone and we feel that SCE&G can tighten their belt and eliminate non-essentials at this time so that people can afford to pay for utilities that they now have. SCE&G should be part of the solution helping America be better not part of the problem that make matters worse.

What happened to the 2.5 percent rate increase that was approved to be an annual hike. If there is any way possible to lower this unprecedented rate increase (which is a burden for the people who use SCE&G) it will be greatly appreciated.

Sincerely,

Mr. & Mrs. James Hart, Jr.
